IEEE Advancing Technology for Humanity

# Université de Lorraine IEEE Student Branch

UNIVERSITÉ DE LORRAINE

## CONNECTING STUDENTS, RESEARCH, AND INDUSTRY THROUGH IEEE

• LEARN • CONNECT • INNOVATE • LEAD

## First student Branch Meeting

## WHO WE ARE

The IEEE Université de Lorraine Student Branch was officially approved in July 2025.
We are a vibrant community of students and young professionals from diverse backgrounds, passionate about technology, research, and innovation.

- Supported by IEEE France Section
- Close collaboration with the Orion Club MIND² and ENSEM at the local level
- Open to all students and researchers

## OUR FIRST-YEAR JOURNEY (2025-2026)

- **Feb 2025** — First student Branch Meeting
- **Mar 2025** — Committee Election
- **Jul 2025** — Official IEEE Approval
- **Oct 2025** — Collaboration With ORION MIND2 & ENSEM
- **Apr 2026** — Participation in IEEE UFFC France Technical Day
- **Apr 2026** — IEEE Women in Engineering Day
- **Apr 2026** — Participation in MAT-PULSE Annual Kickoff
- **Jun 2026** — Industrial Visit to GE Vernova
- **Jul 2026** — IEEE Region 8 SYP Congress (Krakow, Poland)

## OUR FIRST-YEAR IMPACT

- **33+** IEEE Members — Graduate, Undergraduate and Researchers
- **10+** Events Organized — Technical talks, workshops, networking & outreach
- **6+** Partner Organizations — Across academia and industry
- **8+** Laboratories Involved — Connecting students and researchers

## IEEE UFFC France Chapter Technical Day in Nancy

## Opening Ceremony of Our IEEE Office

## LOOKING AHEAD

- Expand our international collaborations
- Organize more high-impact technical & professional activities
- Empower the next generation of engineers and leaders

## Our plan and upcoming activities:

- Increase student membership
- Organize industrial visits and networking opportunities
- Organize events focused on professional skills
- Participate in IEEE events and activities
